

## Technical Information

### Model: Smart Electric Radiator- WIFI

- Smart Control Via application and WIFI.
- Air Temperature Control
- Program Mode (7 days)
- Boost Mode (Timer)
- Low Energy Consumption
- Last Mode Recall (power failure)
- Smart Open Window Detection
- Child Lock
- LST Mode
- Double Flat Panel Radiator.
- A++ Energy saving Grade. "More Heat- Less cost"
- Made from 99.97% Pure Aluminum.
- High Surface area due to "Micro Fin Technology"
- Light weight and easy to install.
- Equipped with height adjustable brackets.
- CE Marked
- 10 Years Guarantee on Radiator
- 2 Years Guarantee on heating element
- Includes Smart controller / thermostat
- IEC Class Protection Class I
- IP Rating IPX5

#### Stocked Finishes and Sizes:

White / Black / Anthracite

Height (mm)	Width (mm)	Number of Columns	Heat Output	Heats up to For Modern Insulation
			Watts	
500	800	11	800	10 m <sup>2</sup>
	1000	14	1000	12 m <sup>2</sup>
